

ELLIE BEAM MD/PhD

 [linkedin.com/in/elizabethbeam](https://www.linkedin.com/in/elizabethbeam)  github.com/ehbeam  [@ellie_beam](https://twitter.com/ellie_beam)
elizabeth.h.beam@gmail.com • 401 Quarry Road, Stanford, CA 94305

TRAINING

- 2022 – **Stanford Health Care** • Psychiatry & Behavioral Sciences • Stanford, CA
Resident in Psychiatry, Research Track
- 2015 – 2022 **Stanford School of Medicine** • Stanford, CA
Doctor of Medicine (MD) in the Medical Scientist Training Program
- 2017 – 2021 **Stanford University** • Neurosciences Interdepartmental Program • Stanford, CA
Doctor of Philosophy (PhD) in the Neurosciences
- 2009 – 2013 **Duke University** • Durham, NC
Bachelor of Science (BS) in Neuroscience & Bachelor of Arts (BA) in English

RESEARCH POSITIONS

- 6/17 – 1/21 **Stanford University** • Neurosciences
PhD Candidate in the Labs of Professors Amit Etkin, MD, PhD & Russ Poldrack, PhD
Engineered a data-driven ontology of brain function through computational synthesis and natural language processing of the neuroimaging literature. Additional projects included high-throughput phenotyping of medical records and prediction of clinical outcomes, characterizing biases across the neuroimaging literature, and biotyping stress-related illness.
- 11/15 – 5/17 **VA Palo Alto** • Primary Care & Behavioral Health
Quality Improvement Research with Dr. Shaili Jain, MD
Performed a longitudinal assessment of a novel protocol for phone-based management of antidepressants prescribed in primary care, finding improvement in procedural outcomes.
- 6/13 – 7/15 **Harvard University** • Psychology • Center for Brain Science
Massachusetts General Hospital • Psychiatry
Full-Time Research in the Lab of Professor Randy Buckner, PhD
Coordinated a large-scale study of behavioral, neural, and genetic dimensions of anxiety. Investigated frontoparietal network and executive dysfunction in young adults at risk for depression. Acquired MRI data, assessed psychopathology, and built analysis pipelines.
- 5/10 – 5/13 **Duke University** • Center for Cognitive Neuroscience
Neuroscience Thesis Research in the Lab of Professor Scott Huettel, PhD
Applied network text analysis to map interrelations between brain structures and functions throughout the neuroimaging literature, facilitating data-driven hypothesis generation.
- 6/12 – 8/12 **Harvard Medical School** • Neurobiology
Summer Fellowship in the Lab of Professor Edward Kravitz, PhD
Mapped the dopamine circuitry for aggression through intersectional genetics.

Barbour, T., DeCross, S.N., Holmes, A.J., Boeke, E.A., Beam, E.H., Coombs, G., Nyer, M., Tootell, R.B.H., Fava, M., Farabaugh, A.H., & Holt, D.J. (December 8, 2014). Insecure attachment in at-risk youth is associated with hyper-responsivity of a parietofrontal cortical network involved in social behavior. American College of Neuropsychopharmacology 53rd Annual Meeting.

Holt, D.J., DeCross, S.N., Holmes, A.J., Boeke, E.A., Beam, E.H., Coombs, G., Nyer, M., Buckner, R., Fava, M., & Farabaugh, A.H. (December 8, 2014). Abnormal amygdala functional connectivity in youth with subclinical delusions. American College of Neuropsychopharmacology 53rd Annual Meeting.

Beam, E.H., Coombs, G., Boeke, E., Crowell, S., Fava, M., Farabaugh, A.H., Holt, D.J., Buckner, R.L., & Holmes, A.J. (September 12, 2014). Frontoparietal network connectivity associates with executive functioning deficits in young adults at risk for depression. 4th Biennial Conference on Resting State and Brain Connectivity.

Beam, E.H. & Huettel, S.A. (April 4, 2013). Mapping the semantic structure of cognitive neuroscience. 8th Annual Atlantic Coast Conference Meeting of the Minds.

Beam, E.H., Appelbaum, L.G., Moody, J., & Huettel, S.A. (November 12, 2011). Mapping the intrinsic structure of cognitive neuroscience. Society for Neuroscience Annual Meeting.

HONORS & AWARDS

2024	Trailblazing Trainee Award, Stanford University, Psychiatry and Behavioral Sciences
2020 – 2022	Ruth L. Kirschstein National Research Service Award (F30), National Institutes of Health
2017 – 2022	Medical Scientist Training Program (MSTP), National Institutes of Health
2017	Leah J. Dickstein Medical Student Award, Association of Women Psychiatrists
2016 – 2017	Medical Scholars Research Fellowship, Stanford School of Medicine
2016	Pre-Doctoral Research Stipend (T32), Lab of Alan Schatzberg, Stanford University
2013	Graduation with Distinction in Neuroscience (top honor), Duke University
2013	Graduation with Highest Distinction in English, Duke University
2013	Summa Cum Laude, Duke University
2013	Schutt Senior Award for Outstanding Contributions in Creative Writing, Duke University
2012, 2013	Terry Welby Tyler, Jr. Award for Poetry, Duke University
2012	Rhodes Scholarship Finalist
2012	Critical Essay Award, Duke University
2011	Student Incentive Award in Science Education, Duke University
2011	Anne Flexner Poetry Award, Second Place, Duke University
2009 – 2013	Angier B. Duke Full-Tuition Memorial Scholarship, Duke University
2009	Cleveland Technical Societies Scholarship
2009	Valedictorian, Gilmour Academy

LEADERSHIP

2016 – 2022	Psychiatry Student Interest Group • Stanford Medical Student Organization <i>Founding Co-President</i> Re-established an organization for medical students exploring psychiatry careers. Initiated for-credit seminars (PSYC 249SI, PSYC 277SI). Coordinate community-building events and opportunities for mentorship by residents and faculty in psychiatry.
2016	Medicine and the Muse • Stanford School of Medicine Event for the Arts <i>Head of the Student Planning Committee</i> Oversaw planning of exhibit and performances for the annual Medicine and the Muse event.
2012 – 2013	Cantos Poetry Magazine • Duke Undergraduate Organization <i>Founding Editor-in-Chief (2012-13)</i> Established the first Duke publication dedicated to poetry. Developed the magazine's mission, obtained funding from Duke Libraries, assembled editors, and printed the first issue.
2011 – 2013	John Spencer Bassett Committee • Duke Undergraduate Organization <i>Co-Chair of the Student Funding Committee</i> Led the application process to decide funding for student projects in communication arts.
2009 – 2013	Synapse Neuroscience Club • Duke Undergraduate Organization <i>President (2012-13), Chair of Community Service (2011-12), Teacher (2009-11)</i> Founded the Exploring Neuroscience seminar for high school students. Coordinated and co-taught a high school neuroscience course. Managed the Brain Bee and a biweekly seminar.
2009 – 2012	The Archive Literary Magazine • Duke Undergraduate Organization <i>Co-Editor-in-Chief (2011-12), Associate Editor (2010-11), Staff Editor (2009-10)</i> Directed editorial meetings, solicitation of submissions, and publication. Coordinated the Blackburn Literary Festival. Organized the first annual launch party.

TEACHING

- 2016 – 2020 **The Nervous System** • NBIO 206 • Stanford University
Head Teaching Assistant (Winter '18, '19), Teaching Assistant (Winter '16, '17)
- 2016 – 2018 **Psychiatry Careers & Mental Health Perspectives for Medicine**
PSYC 249SI (Fall), PSYC 277SI (Winter) • Stanford University
Head Teaching Assistant (Fall '18), Teaching Assistant (Fall '16, Winter '17, Fall '17)
- 2009 – 2012 **Introduction to Neuroscience** • North Carolina School for Science & Math
Course Director ('12), Ad Hoc Teacher ('09, '10, '11)

OUTREACH

- 11/15 – 6/17 **VA Palo Alto** • Stanford L-CHAMP Program
Delivered phone-based health coaching to veterans through the Longitudinal Community Health Advocacy Medical Partnership (L-CHAMP) program at Stanford Medical School.
- 11/13 – 5/15 **Brigham and Women's Hospital** • Behavioral Activation Group
Designed and taught the Poetry in Motion session each quarter for psychiatry patients working to improve their mood through behavioral change.
- 10/13 – 12/14 **Massachusetts General Hospital** • Book Cart
Served 95 hours offering reading materials and conversation to patients in neuroscience, cancer, and general medical units.
- 1/12 – 5/12 **Threshold Clubhouse** • Psychiatric Rehabilitation Center
Assisted clients at a center for outpatient psychiatric rehabilitation for 3.5 hours per week.

CONSULTING

- 2021 – 2022 **Alto Neuroscience** • *Consultant*
Advised on natural language processing and machine learning techniques for text mining.
- 2011 **Pfizer Consumer Healthcare** • *Assistant to Professor Scott Huettel, PhD*
Reviewed the neuroscience literature on creativity to inform recommendations for improving employee innovation.

EXPERT WITNESS

- Testified as expert witness on behalf of Stanford Health Care in the following Meredith petition hearings:
- 12/23/22 Alameda County
6/5/23 Santa Clara County

PROFESSIONAL MEMBERSHIPS

- 2018 – American Medical Association
2018 – American Psychiatric Association
2017 – Association of Women Psychiatrists
2012 Phi Beta Kappa, Duke Chapter, Beta of North Carolina
2011, '18 Society for Neuroscience
2009 Phi Beta Kappa, Cleveland Chapter

POETIC WORKS

Print

- 2019 – 2020 **Anastomosis** • Stanford School of Medicine Literary Magazine
“The Head Block,” “History Significant,” “Axis I” (19). “Evergreen” (‘20).
- 2009 – 2013 **The Archive** • Duke Undergraduate Literary Magazine
“Edge” (Fall ‘09). “Mendelian Error,” “Ode to el Choque” (Spring ‘10). “How,” “For a Long Time Gone” (Fall ‘10). “A Drugstore in Northern Ohio,” “When the Time Is” (Spring ‘11). “Facts about the Moon,” “The Space Between” (Fall ‘11). “Correlation,” “Jesus He Knows Me” (Spring ‘12). “The Scientist,” “Spinning Man” (Fall ‘12). “A Brief and Tidy Catalogue of Compulsions” (Spring ‘13).

Exhibit

- 2016 **Medicine and the Muse** • Stanford School of Medicine Event for the Arts
“The Head Block,” “History Significant,” “Evergreen.”
- 2009 – 2012 **Duke Arts Festival** • Duke Undergraduate Creative Works Exhibition
“Mendelian Error” (‘09). “Around,” “When” (‘10). “A Drugstore in Northern Ohio,” “The Answer,” “Whatever” (‘11). “Facts about the Moon,” “The Scientist” (‘12).
- 2009 **Cleveland Clinic Literary eXpressions** • Literary Art Contest
Best in Show and three Blue Ribbons for “Collecting Echoes,” “The Heart of the Matter,” and “Seeing Via Sound.”

Spoken

- 2019 **You’re Going to Die** • San Francisco Nonprofit Open Mic Night
“The Head Block,” “History Significant,” “Axis I.”
- 2012 **Poetry of Neuroscience and Neuroscience of Poetry** • Duke Neurohumanities Group
Selected poems from “Falling Bodies: Love Is Gravity Between People.”

ATHLETICS

- 2022 **Race of Hope to Defeat Depression**
Full Marathon (Virtual)
- 2022 **San Francisco Marathon**
Full Marathon
- 2021 Half Marathon
- 2020 Full Marathon (Virtual)
- 2020 **Cleveland Marathon**
Half Marathon (Virtual)
